## MULTISTATE EMPLOYER REGISTRATION FORM FOR NEW HIRE REPORTING

Employers who have employees working in two or more states may use this form to register to submit their new hire reports to one state or make changes to a previous registration. Multistate employers may also visit <a href="https://ocsp.acf.hhs.gov/OCSE/">https://ocsp.acf.hhs.gov/OCSE/</a> to register or make changes electronically.

Federal law (42 USC 653A(b)(1)(A)) requires employers to supply the following information about newly hired employees to the State Directory of New Hires in the state where the employee works:

- Employee's name, address, Social Security number, and the date of hire (the date services for remuneration were first performed by the employee)
- Employer's name, address, and Federal Employer Identification Number (FEIN)

If you are an employer with employees working in two or more states, AND you will transmit the required information or reports magnetically or electronically, you may use this form to designate one state where any employee works to transmit ALL new hire reports to the State Directory of New Hires.

If you are no longer a multistate employer OR you are a multistate employer but no longer report to a single state, check "No Longer a Multistate Employer" in the box below.
